

Reduce Your Workers Compensation Costs

Our CompWorks™ program makes it possible.

Our four training sessions help you gain management buy in, engage employees, and build a process that works. Take advantage of these available resources:

Programs not Premiums: How Much Money is on the Table?

Gets management aligned around building a safety culture to reduce premiums.

The 6 Keys to Creating a Successful Safety Committee

Shows management how to build an effective, sustainable and fun safety committee.

The 8 Essential Elements of an Injury and Illness Prevention Plan

Helps the safety committee understand OSHA's blueprint for translating safety throughout the organization.

Workers Compensation Claims 101 Training

Helps HR staff successfully manage all aspects of workers compensation claims.

Find out how you can better manage your risks and lower your premiums today. Contact Daniel Costello at 415.493.2503 or dcostello@fp-ins.com.
